

Animals in the Wild

Objective: Students will learn about creating a focal point and a background around it.

Materials:

- Paper
 - Pencils, markers, paint or watercolor
 - Sample images of animals in their natural habitat
-

Open the Conversation:

Ask students to discuss various animals that they've seen in the wild. Look at pictures/photographs and talk about size and scale of the animal and why it is the focal point.

Step One:

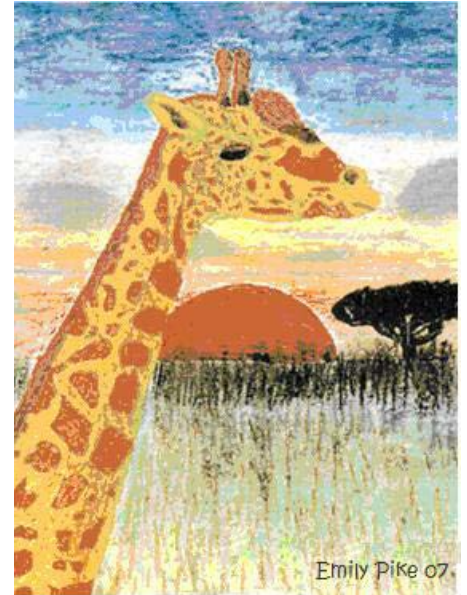

Draw the animal lightly in pencil as the focal point of your picture. Create an interesting background.

Step Two:

Wash the sky and land in very light watercolor. Use several shades for each area.

Step Three:

Color the animals and areas you want to highlight. Add details such as grass, clouds and trees.

Finished Project!
